

Dr. Seuss' Scrambled Brains & Jam

That Sam I Am

That Sam I Am

I will not see that consult, ER man.

I will not see him, Sam I Am.

I will not see him here or there,

I will not see him anywhere.

I will not see mental status changes, man,

I will not see him, Sam I Am.

Not in the [scanner](#),

Not on the floor,

Not in the lab,

Nor in the [OR](#).

I will not see confusion, ma'am.

I will not see her, Sam I Am.

Not with a student,

Not with an NP,

There is no reason,

No reason to see.

I will not see [pseudoseizures](#), damn.

I will not see them, Sam I Am.

Listen to you, so you say?

Listen to the consult, and you'll go away?

Fine, tell me your jam,

And I will see him, Sam I Am.

What? They cannot move right side.

Aphasia, prosopagnosia? Why didn't you say?

Abnormal MRI/MRA?

I will be there right away.

I will see them, fast as I can.

I will consult, Sam I Am.

I will see him anywhere,

And I will see him every day.

What are you waiting for?

Just get the TPA!

Just don't call me for all the other stuff,

And I will see consults and not be so gruff.

I will see the scrambled brains and jam,

I will see them, Sam I Am.
